If Wiener TU S.A. is held liable prior to payment of the premium or its first installment, and the premium or its first installment has not been paid within the established deadline, Wiener TU S.A. may terminate the agreement with immediate effect and demand payment of a premium for the period, in which it was liable. If the agreement is not terminated, it shall expire at the end of the term, for which the unpaid premium was payable.
5. If the premium is paid in installments, a failure to pay within the established deadline of the subsequent premium installment shall result in termination of liability of Wiener TU S.A. after 7 days from the date of receipt by the Insuring Party of the written call for payment of the premium and information on the consequences of a failure to pay the premium, if the premium installment was not paid by the deadline specified in the letter of demand.
6. In the case of disclosure of any circumstances, which result in a significant change in the probability of occurrence of the insurance event, each of the parties to the agreement may demand an adjustment of the premium amount, starting from the date of occurrence of such circumstances, however, not earlier than from the beginning of the current insurance period. If such demand is made, the other party to the insurance agreement may, within 14 days after receipt of the demand, terminate the agreement with immediate effect.

the territory of the RP (Clause 1, referred to in § 3 item 6).

5. If payment of the premium takes place in form of a bank transfer or a postal order, the payment date is considered to be the day of placement of the payment order to the bank account of Wiener TU S.A. at the bank or post office, provided that sufficient funds were available on the account of the Insuring Party. Otherwise, the payment date shall be the date of crediting of bank account of Wiener TU S.A. with the full amount of the required premium or installment.
6. If the Insuring Party or the Insured Party provided Wiener TU S.A. with false information, which influenced the premium calculation, they are obliged, upon demand of Wiener TU S.A., to make an additional payment to cover the difference between the premium payable and the premium included in the insurance agreement.

If, in response to the offer, Wiener TU S.A. provides the Insuring Party with an insurance document, containing provisions, which depart from the offer of the Insuring Party to their detriment, Wiener TU S.A. shall point this out to the Insuring Party in writing while delivering the document, establishing a 7-day deadline for making objections. In the case of a failure to meet this obligation, amendments made to the detriment of the Insuring Party shall not be effective, and the insurance agreement shall be considered to have been concluded in accordance with the offered conditions.

If violation of the obligations specified in items 1-3 was caused by intentional act, in the case of any doubt, it is assumed that the insurance event and its consequences are a result of these circumstances.
5. The Insuring Party shall inform the Insured Party of conclusion of the agreement on their account. The Insuring Party shall also provide the Insured Party, in the manner agreed upon by these parties, with information concerning the insurance agreement concluded, the content of the GITC and the mode of action in the case of occurrence of an insurance event.
6. In the case of conclusion of a group insurance agreement on the account of a third party, the Insuring Party shall inform Wiener TU S.A. whether the Insured Parties are to finance the insurance premium cost.
7. If the Insured Parties do not finance the insurance premium cost, and the Insuring Party plans to make an amendment in this regard, the Insuring Party shall deliver the provisions of the agreement to all of the Insured Parties prior to obtaining their consent for financing of the premium cost.
8.
